This family-friendly festival features a variety of oysters, low country boil, bbq, live music, games and more! It's a must-attend event that sells out fast. WHY BECOME A SPONSOR?

Imagine if every child in our community enjoyed going to school, made friends easily and graduated on time. Imagine if bullying didn't exist, and everyone treated each other with kindness and respect, even during disagreements (especially during disagreements).

At Frameworks of Tampa Bay, we not only believe that world is possible; we know how to achieve it.

The secret? Emotional intelligence, also known as EQ.

A group of children in blue t-shirts and shorts are standing on a grassy field, possibly participating in an activity. The image is faded and serves as a background for the text.

Your sponsorship makes it possible for Frameworks to continue to serve as Tampa Bay's trusted partner for building EQ, and ultimately, preparing the next generation of the workforce for success!

In addition to supporting a critical need, sponsoring this event can also help you increase brand awareness, strengthen your reputation as a socially responsible organization, and create meaningful connections across the community. It's a win-win!

Frameworks of Tampa Bay

is the leading nonprofit dedicated to equipping every child with the knowledge and know-how to become kind, collaborative and capable citizens. With the complex challenges facing today's kids, we provide positive and personalized learning experiences to develop their emotional intelligence, or EQ — the critical skills necessary to navigate any emotion, conversation or situation, no matter how difficult.

From preschool through high school, Frameworks partners with trusted adults to model and teach emotional intelligence from day one and prepares teens to practice it in the real world. Our customized coaching, workshops and strategies are proven to help kids do better in school, graduate on time, and experience a stronger sense of belonging and mental well-being.

Together with families, teachers and community leaders, we will create a future where every child acts with empathy, approaches differences respectfully, and advances the common good for our entire community.
